

ASSEMBLY BILL

No. 1807

Introduced by Assembly Member Dahle

February 18, 2014

An act to amend Section 13201 of the Water Code, relating to water quality.

LEGISLATIVE COUNSEL'S DIGEST

AB 1807, as introduced, Dahle. Water quality: organization and membership of regional boards.

Existing law requires the State Water Resources Control Board and the 9 California regional water quality control boards to prescribe waste discharge requirements in accordance with the federal national pollutant discharge elimination system permit program established by the federal Clean Water Act and the Porter-Cologne Water Quality Control Act (state act). The state act requires regional boards to consist of 7 members appointed by the Governor, 6 of them on the basis of demonstrated interest or proven ability in the field of water quality and one as a public member not specifically associated with any enumerated qualification.

This bill would make nonsubstantive changes to these provisions.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.
